## Welcome Message

On behalf of the organizing committee, it is my great honor and pleasure to cordially invite you to Korean International Semiconductor Conference on Manufacturing Technology 2022 (KISM 2022), which will be held at Busan, Korea from November 13 to 16, 2022.

KISM 2022 is the first international conference on semiconductors in Korea, this meeting will be a fundamental ground to exchange quality results and ideas provided by the researchers and scientists within universities, industries and research institutes.

Furthermore, it also provides a conference to present the cutting-edge research outputs which would help both students and researchers with their future research studies and works to be conducted. Hence, the individuals actively engaged in semiconductor manufacturing technology research and developments are greatly encouraged to participate in the conference and gain academic insights they have desired.

KISM 2022 will include prestigious Plenary Talks, Invited Talks, Regular Sessions (oral & poster presentations), and Exhibitions. I hope you take this unique opportunity to present your recent research and development highlights, interact with your colleagues and peers, and have a memorable and rewarding experience in KISM 2022.

I do thank you for your participation and contributions in advance and look forward to seeing you in Busan, Korea.

Thank you very much.

**Hyeongtag Jeon, Ph.D., Professor**  
**General Chair of KISM 2022**  
**Division of Materials Science &**  
**Engineering**  
**College of Engineering**  
**Hanyang University**
